Announcement

It is with much pleasure and satisfaction that we present this offering of cattle to the public.

We raise our Shorthorns under practical conditions typical of almost any cornbelt farm. We have made no attempt to put them in a high state of condition for this sale. A large portion of the offering will be cows with calves at side, which will be in the pasture until a few days before the sale. They are in good thrifty breeding condition. This partly accounts for the fact that last year we had 100% calf crop.

While it has not been our policy to keep our breeding herd in high condition, we have done some showing of our young cattle, and they have done very creditably.

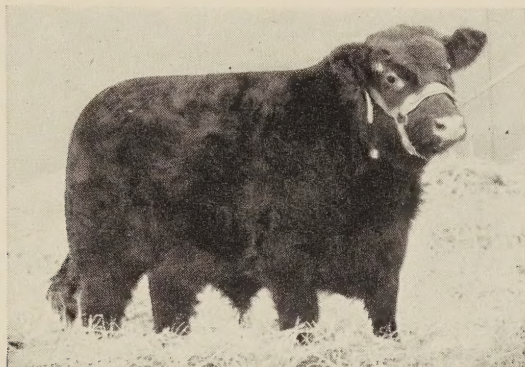

We have spared no effort to secure the best bulls obtainable, and feel that we have been successful in this.

We are looking forward to having you with us sale day.

H. K. OWENS & SONS

PENNINGROTH BROS.

<p>We wish to call your attention to the Marshall County Shorthorn Breeders Sale at Marshalltown on October 8th. We will cooperate with them to consolidate shipments.</p>

Edellyn Renown Mercury, by Calrossie Mercury. When we purchased this bull as the top of the 1949 Femco Farms sale, we were impressed with his substance and fleshing qualities. Since his calves have arrived we have found that our confidence in him was not misplaced. Some of the younger cattle in the sale are by him.

Standard Guarantee

OF

AMERICAN SHORTHORN BREEDERS ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bangs Disease of the state or country into which they may be shipped.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this sale will be backed by the above Standard Guarantee.
